# HALLOWEEN PARADE

The annual Phoenix Volunteer Fire Company Halloween Parade will be held on **Saturday, October 29<sup>th</sup>**. The parade will start to form at 2PM and will begin to move at 4PM.

The parade will begin to line up in the area of the Hollidaysburg Area Junior High School. All units will move onto North Montgomery Street, proceed to Garber Street, to North Juniata Street, to Allegheny Street, to Union Street, and then to Mulberry Street where the parade will disband at the Phoenix Volunteer Fire Company's station on Wayne Street.

Parents may pick up their children at the fire station after the parade. Light refreshments will be provided there.

For information, please call the station at 695-0521 and leave a message. Parade Entry forms may be found on the company's facebook page or by contacting Dave Zeek at 414-5499.

Trick or Treat night will be announced on the Hollidaysburg Borough website. Costumes should be light colored, comfortable clothing. Carry a flashlight and accompany little goblins as they go door to door. Be sure that all masks allow adequate vision and check all treats before allowing children to partake.

**THE POLICE DEPARTMENT & THE PHOENIX VOLUNTEER FIRE DEPARTMENT WILL BE OUT WATCHING THE STREETS.**

**ADDITIONAL SPONSORSHIP OPPORTUNITIES STILL AVAILABLE!**

## SEARCHING FOR THE 2016 WINTERFEST TREE

The Winterfest Committee is beginning its search for the perfect tree to be placed on the Diamond for Hollidaysburg's annual tradition of Light Up Night!

Do you happen to have a spare 40 foot tree in your yard you would like to donate?? If you know of a candidate, please contact Main Street Manager Michael Balchin at 696-0544 or at [partnership@hollidaysburg.org](mailto:partnership@hollidaysburg.org).

## BE ON THE LOOKOUT FOR LEAKS!

As you can see from the chart it does not take much of a leak to use a lot of water.

A dripping faucet, a toilet running periodically, a garden hose that does not shut off completely are just a few items that can cause your water and sewer bills to increase. If you think that you may have a leak, please contact the Water Department at 696-0623 to schedule an appointment for one of the Public Works Employees to come and check your home for any leaks.

### Water Loss vs. Pipe Leak Size

A relatively small leak can pass a surprisingly large amount of water over time.

Pipe Leak Size	Water Loss*			
	Per Day		Per Month

## MESSAGE FROM THE MAYOR

Greetings! Fall is on its way! The school year has begun and football is in the air. Changes and improvements are continuing throughout our town. Please be alert, cautious and patient while driving amongst all the construction. Let's work together to keep our residents and workers safe during this process.

I look forward to seeing all of our residents and visitors at the many events to come as the seasons change and we celebrate each one!

~Mayor Stultz

## NEW OFFICER ON THE FORCE

Richard F. Oldham was sworn in by Council President Joseph Pompa as the Borough's newest police officer at the August 11th council meeting. He started his career in law enforcement in 2014 and has since obtained numerous certifications and advanced training. Officer Oldham is looking forward to serving the borough residents and business owners.

## PHOENIX VOLUNTEER FIRE CO

Friday Fish Fries will be held 4PM-7PM starting September 2<sup>nd</sup> through October 14<sup>th</sup> at the fire station. Dinners will be \$10.

For more information, please call the Fire Station at 695-0521.

## DO NOT RAKE LEAVES INTO THE STREET

Borough Residents are reminded NOT to push or rake fallen leaves into the public streets. This creates a safety hazard and violators will be fined. Fall Brush Pickup continues in the Borough on Mondays and Tuesdays through December 6, 2016.

Addresses to the east side of Penn Street are to be picked up on Mondays and addresses to the west of Penn Street, Gaysport and Holliday Hills will be collected on Tuesdays.

## A NOTE FROM THE CHIEF

**Remember!** School has started and students are on the move.

Keep your eyes open for the kids crossing at intersections and walking to and from school. Pay attention to crossing guards and the directions given to you.

Be mindful of school buses and their flashing lights. When a school bus is stopped and its stop sign located on the left side

of the bus is extended and flashing...**STOP!** It's the law. Let's all do a part to keep the students safe during the 2016-2017 school year!

## BOROUGH MEETING SCHEDULE

## WHAT IS INFILTRATION /INFLOW (I/I)?

Excess water that flows into sewer pipes from groundwater and stormwater is called infiltration and inflow, or I/I. Groundwater (infiltration) seeps into sewer pipes through holes, cracks, joint failures, and faulty connections. Stormwater (inflow) rapidly flows into sewers via roof drain downspouts, foundation drains, storm drain cross-connections, and through holes in manhole covers. Most I/I is caused by aging infrastructure that needs maintenance or replacement.

Infiltration is groundwater, or groundwater that is influenced by surface water, that enters sewer pipes (interceptors, collectors, manholes (MH), or side sewers) through holes, breaks, joint failures, connection failures and other openings. Infiltration quantities often exhibit seasonal variation in response to groundwater levels. Storm events can trigger a rise in groundwater levels and increase infiltration flows. The highest infiltration flows are observed following significant storm events or following prolonged periods of precipitation.

Inflow is surface water that enters the wastewater system from yard, roof and footing drains, from cross-connections with storm drains, downspouts and sump pumps. Inflow occurs as a result of storm events such as rainfall, snowfall, springs or snow melt that contribute to excessive sewer flows. Peak inflow can occur during heavy storm events when storm sewer systems are surcharged, resulting in hydraulic backups and local ponding. Inflow and infiltration is clear water that enters the sanitary sewer system from a variety of sources.

### Why is I/I a problem?

Extra water in the sewer system is a problem because:

It takes up capacity in the sewer pipes and ends up at the regional wastewater treatment plant where it must be treated like sewage, resulting in higher treatment costs.

Requires new and larger wastewater facilities to convey and treat larger volumes of flow, resulting in higher capital expenditures.

I/I flows contribute to sewer system overflows into local homes and the region's waterways, negatively impacting public health and the environment. It is estimate that inflow and infiltration makes up 75 percent of peak flows during winter and rain events and much of this comes from private property.

Protecting the environment and decreasing wastewater treatment costs are the benefit of a regional I/I control program.

## GATEWAY GARDEN VOLUNTEERS NEEDED

Fall is fast approaching and it is time once again for volunteers to help out with the Gateway Garden, located on old Route 22 near The Dream Restaurant.

From 9AM to 11AM on Saturday, October 15<sup>th</sup>, volunteers will meet at the garden to prepare the ground for winter.

All volunteers are welcomed. If you would like to volunteer, please contact Rick Pope at 934-4032, or be at the garden on October 15<sup>th</sup> at 9AM.

Volunteering to help out on this day would make a great community project for any local group.

Call today to sign your group up!

Thanks!

## DOWNLOAD THE IRC SMART PHONE APP!

In an effort to make recycling easier for everyone, the IRC has worked with My-Waste to develop a smart phone app for our area.

Features for residents who install the app include:

- The ability to report a missed collection
- Sign-up for alerts regarding IRC activity
- Set a personal recycling and yard waste collection calendar
- Search for special material drop-offs

Use it on your desktop computer or download the mobile app to your smart phone device.

Residents can design personalized recycling and yard waste calendars. Set a reminder, so you never miss a collection again! Other special event reminders and calendar listings can be included. The app also has helpful recycling and composting hints.

You can access the app from our website or by using the QR code below

*Recycle: Everyone,  
Everywhere, All the Time!*

## SEWER LINE REPLACEMENT PROJECT UPDATE

As you likely noticed, the Borough is full of activity related to the major sewer line replacement project. Snyder Environmental Services, Inc. from Kearneysville, West Virginia is the contractor for the job. To date, approximately 5000 linear feet of sewer main has been replaced in and around the Jr. High School. In total, once the project is completed approximately 40,000 linear feet of sewer main will be replaced with new.

The Authority will be informing our residents in advance through our phone notification system when the contractor will be working on your street. Please be advised that this work schedule is subject to change as weather and other factors might alter the contractor's schedule.

Snyder Environmental Inc. has an advanced team of workers that will be contacting residents in the affected areas in order to locate their sewer lateral. They might request to enter your premises in order to locate your lateral. This team will have proper picture identification and is authorized by the Authority. It is the authority's hope that you allow them to enter your home as this lateral identification is necessary to allow the contractor to place your new lateral tap at the proper location at your property line.

We ask that our residents display a certain amount of restraint and patience during the construction as the

authority needs your cooperation and patience in order for the project to proceed in an orderly manner. The main sewer line replacement project is tentatively scheduled to be completed by August 1, 2017 or sooner, if winter weather cooperates. At that time, the homes in the project area will start the process of the private sector responsibility of passing a lateral pressure test. Residents will receive a letter notification from the Hollidaysburg Sewer Authority in advance as to when this private sector work can begin at your residence.

If you have a question or concern, we ask our residents to check out the borough's website as there is information about the project that is updated on a bi-weekly basis. If your question isn't answered, contact Jessica at 814.695.7543 and she will direct your question to the appropriate person. Once again, the Hollidaysburg Sewer Authority thanks you for your patience and cooperation as the project proceeds.

Filing a complaint protocol:

Residents that feel the need to file a complaint regarding the sewer line replacement project are asked to contact our administrative assistant Jessica at the Borough office 814-695-7543 and she will instruct you on the protocol for filing the complaint. This procedure is necessary so the complaint is logged and sent to the appropriate person in order to resolve your issue.

## REMEMBER...MAINTAIN YOUR GRASS!

Please remember to maintain your property. The height of grass and weeds on any premises within the Borough cannot be in excess of six (6) inches according to Chapter 10, Health and Safety, Part 1, Weed Control, Section 101 of the Borough of Hollidaysburg Code of Ordinances. Not properly maintaining your property will put you in violation of the borough ordinance and could lead to legal proceedings.

Thank you for doing your part in keeping the Borough beautiful!

## DOG WALKERS ....REMEMBER

Pet owners are reminded of the Borough Ordinance that states that it is unlawful to allow a pet to defecate on Borough property, public or private.

Be a courteous and responsible pet walker and clean up after your pet!

# ELECTRONICS RECYCLING PROGRAM CONTINUES!

Televisions and computers must now be recycled in Pennsylvania, and Blair County residents will be able to do that at the IRC Recycling and Compost facility in Logan Township (Blacksnake Road, near the Buckhorn).

The best news is that the service is free to all county residents. The Compost Facility will be open during regular hours, weekdays (except Wednesdays) from 10AM to 5PM and 9AM to 3PM each Saturday. The facility is closed on holidays.

In addition to computers, monitors, computer peripherals, printers, faxes, and televisions, the following electronic materials are also accepted at our Buckhorn Facility:

- Metal Appliances and Electronics (microwaves, stoves, dishwashers, etc.) are free.
- Small Portable Electronics (ex: portable DVD players) → \$1.00 fee

- Medium-Sized Electronics (ex: DVD players, VCR's) → \$2.00 fee
- Large Non-metal Electronics (ex: stereos, speakers) → \$5.00 fee
- Freon Containing Appliances
  - Small Air Conditioners and Dehumidifiers → \$5.00 fee
  - Refrigerators and Freezers → \$10.00 fee

For a full list, visit [www.ircenvironment.org](http://www.ircenvironment.org).

## IT IS PENNSYLVANIA LAW!

The Borough takes tremendous pride in the fact that its residents are consistently doing projects to take care of and maintain their homes. It is one of the great attributes of Hollidaysburg.

Be mindful that Pennsylvania State Law requires that you must obtain appropriate permits to have certain types of projects done.

Not obtaining the necessary permits could lead to legal action and fines.

Zoning permits from the Borough may also be necessary.

Be sure to make the phone call before your project begins to ensure that the project progresses in a timely manner and that you will not find yourself faced with penalties.

Please contact Planning and Zoning Administrator Patrick Rabits at 695-3880 for information.

A Citizen's Guide to Applying for a Building & Zoning Permit is available at [www.hollidaysburgpa.org](http://www.hollidaysburgpa.org).

## KEYS FOR CAMP KIDNEY

The Kidney Foundation of Central Pennsylvania (KFCP) collects old keys to turn in for reimbursement to benefit camperships for Camp Kidney. The Phoenix Volunteer Fire Company will be collecting keys at the fire department in support of this cause. Any number of key donations will be greatly appreciated. For drop off information, please contact 695-0521.

## STREET TREE

### PERMITS

Please remember permits are needed for pruning or removal of the street trees! There is no charge for street tree permits, however, not obtaining a permit may result in a fine up to \$600. To obtain a street tree permit, please contact a member of the Hollidaysburg Shade Tree Commission.

- Terry Wilt at 695-3226
- Dave Zeek at 414-5499
- Patrick Plummer at 695-4370
- Christopher Foster at 696-4131
- Andrew R. St John at 412-260-1584

Thanks for your cooperation in this important matter.
