WINTER WEATHER PROCEDURES

In the event of a heavy snowfall, the Mayor will make a snow emergency declaration to begin at either 8:00 AM or at 8:00 PM.

The Borough will institute the **odd-even** parking designation during snow emergencies and **ONLY** during those times.

If the snow emergency begins at **8:00 PM** (in the *EVENing*), vehicles must be parked on the *EVEN-*

numbered side of the street; if at **8:00 AM** (*morning*), cars must be moved to the **odd-numbered** side of the street.

The objective is to achieve bare pavement on all Borough streets within 36 hours after a snowfall has ended.

Snow emergencies will be announced on local media and on www.hollidaysburgpa.org.

Please remember that **ANY** vehicle that violates the parking regulations imposed by a

snow emergency **WILL BE TOWED AT OWNER'S EXPENSE.**

Remember, odd-even parking restrictions are only in effect when a Snow Emergency has been declared!

According to Borough Ordinance, **all property and business owners** must clear all sidewalks of snow within **24 hours** of the end of a snow event!

A NOTE FROM THE CHIEF - BOROUGH STREETS

When heading out of town on vacation or leaving for more than a day, please notify the police department.

Make sure that if your vehicle will be parked on the street for the duration of the trip, a nearby relative or a trusted neighbor has a key to the vehicle in case the police department needs it moved due to snow or a water break.

Take care to lock all vehicles parked on the streets or driveway as a caution to prevent theft from the vehicles.

LOW BRANCHES ON STREET TREES

The Shade Tree Commission reminds street tree property owners that they **should remove low hanging, pedestrian unfriendly branches** from their street trees.

Unsightly suckers growing out of the base of trees should be removed as well.

No permit is required for these type of street tree trimmings, however, **permits are still needed for more extensive pruning of the street trees.**

There is no charge for street tree trimming permits. To obtain a street tree trimming permit, please contact a member of the Hollidaysburg

Shade Tree Commission.

A FOND FAREWELL FROM THE BOROUGH MAYOR

As Mayor, I am very proud to say that I have served the residents of Hollidaysburg for the past eight years with pride and dignity.

All of the advice and help that was extended to me during my time as Mayor has been greatly appreciated. One person in particular I would like to thank is one of the borough's past managers, John Little. He has offered a great deal of input concerning Patriot Park at Holliday Hills.

I would like to show my gratitude to the Police Department, Communications Department, and especially Shirley Books. Shirley has assisted me in many of my endeavors as Mayor.

Thank you to our Volunteer Fire Department who do an outstanding job

without pay and gives so freely of their own time.

Thank you to the American Legion for all of their significant contributions for the police department and the AED machine.

I thank Rick Pope and the Public Works Department for their assistance over the years with the projects that have reached outside the parameter of their job description. The help they have provided with Legion Park, Patriot Park, and all the activities that not only benefited Hollidaysburg but all of the surrounding communities should not go unnoticed.

Thank you to Frank Cassisi and our Wastewater department for the great work they do operating and maintaining the Borough's system.

Thank you to Jim Gehret and

our Finance department for the hard work they do.

I would like to extend my gratitude to our Borough Council Members who have stuck by me on the programs that have benefited the community and tax payers.

I would like to thank our present Borough Manager, Mark Schroyer, Borough Secretary, Patti Duron and the administrative staff.

I hope that I have not missed giving a 'thank you' to anyone. If I have, please know that I appreciate everyone.

Please remember to support our hometown businesses and our new library.

Continue to pray for our men and women in the armed forces, especially those who are in harms way.

Mayor says...

***A Good Person

*To our residents, it has
been a privilege and
honor to serve as your

HOW TO AVOID SEWER PROBLEMS

The two most common causes of sewer backups are:

- Putting items down your sink that should be put into your garbage.
- Invasive tree roots.

That's the bad news. The good news is that both are often preventable. Here's what you can do to help avoid problems in your sewer system:

Don't put grease, oil or egg shells down your sink.

When grease and egg shells combine they create a mixture

similar to concrete; oil sticks to the pipe at the waterline. Both of these conditions can clog the sewer line. Instead, keep a small, empty container handy to contain these items. When the container is full, put it outside with the garbage.

Avoid trees with shallow, spreading root systems.

Tree roots tend to grow towards sources of water-like sewer pipes. Two of the most troublesome species of trees are the fruitless mulberry and the Modesto Ash. If you're

upgrading your home's landscaping, you can save yourself headaches and money by choosing trees with deep root systems.

After you select a tree, follow proper planting procedures. Be sure to dig a hole deep enough. If your hole is too shallow, the tree's roots won't be able to penetrate the clay, and they'll spread out horizontally. The tree won't be healthy and neither will your sewer system.

Speaking of things you shouldn't put down your sink...

Many consumer products are considered household hazardous waste. Never pour items like these into your sink or toilet:

Motor Oil, Weedkiller, Anti-freeze, Solvents, Gasoline, Wood Preserves, Paint, Lighter Fluid and Insecticides.
